

Knights of Columbus St. John Paul II Council # 4159

Council # 4159 St. John Paul II of the Poconos is honored and privileged to host the Silver Rose in Most Holy Trinity Church.

The Knights of Columbus have been running the Silver Rose program for 66 years. The program started with a single natural rose before transitioning into the iconic metal rose used today.

Its purpose is to promote the Pro Life. There are 8 separate silver roses that travel across North America, Canada, and Mexico.

I am requesting you to attend a service when the Silver Rose reaches Most Holy Trinity Parish.

The final date is yet to be determined, but it should arrive either August 31, 2026 or September 1, 2026. The final date will be announced on the website.

At the ceremony we will be saying the Rosary and praying for Pro Life. Please attend and see the Silver Rose and pray for Pro Life.
